

NEW BUILDING PROJECT ON THE COAST

€ 335.000

Sa Coma

 2  64 m²

Beautiful new construction project on the northeast coast of Mallorca, within walking distance of the sea.

The project has 2 to 3 bedroom apartments or penthouses, all with 2 bathrooms. Each residence has an equipped kitchen, open living space and spacious outdoor terrace. The penthouses also have their own solarium with beautiful, panoramic views over the area. Each apartment includes an outdoor and/or underground parking space with storage space.

The project is located within a gated residential area which means more security and privacy for you to enjoy the excellent communal areas with swimming pool for adults and children, jacuzzi, playground, walking paths and green areas.

The project is located on the coast, near the beautiful, extensive sandy beaches and waters in the northeast of Mallorca.

You have a view of the protected nature reserve Punta de n'Amer. This makes your stay the ideal place to enjoy and relax in this beautiful area.

Furthermore, you have all the necessary services and facilities within reach: supermarkets, restaurants, medical facilities, banks, shops,...
